Established in 1976, Zeco has always supplied the very best in quality, hard wearing schoolwear garments – making us a trusted, first choice brand for retailers across the UK and overseas.

“Schoolwear You Can Trust” is a performance and ethical commitment to our customers that has been a core part of our family-led business since establishment. The rigorous testing we perform on all of our garments ensure we only adhere to selling the highest quality products on a consistent basis.

Quality, service and price are crucial, but never at the cost of the world around us. We believe in sustaining and ensuring our fair trade ethical policies worldwide. That's why every Zeco garment is made to follow our standards of conduct by obtaining fabric and labour from responsible sources only and taking ethical, economic and environmental issues into consideration.

What gives us a competitive advantage in this industry is our exceptional customer service and quality range of generic products that are kept in stock all year round, especially during the busy Back to School period. As well as our extensive stock supported ranges, we also offer a bespoke service for those schools looking for a unique look.

Despite the ever-changing market, we pledge to continue our commitment to deliver the same great service to our retailers as we have done for generations.

---

“We are, and always will be,  
true supporters of  
the independent retailer.”

# sustainable initiative

Sustainability of a garment not only comes from its production but also from its longevity. “Schoolwear You Can Trust” is a performance and ethical commitment to our customers that has always been a core part of Zeco. We do not supply supermarket quality items that need be regularly replaced, our uniform is consistent in colour, designed to last, and made to be passed on through siblings or second-hand shops. Zeco uniform is made to be grown out of not worn out providing sustainability and better value for parents.

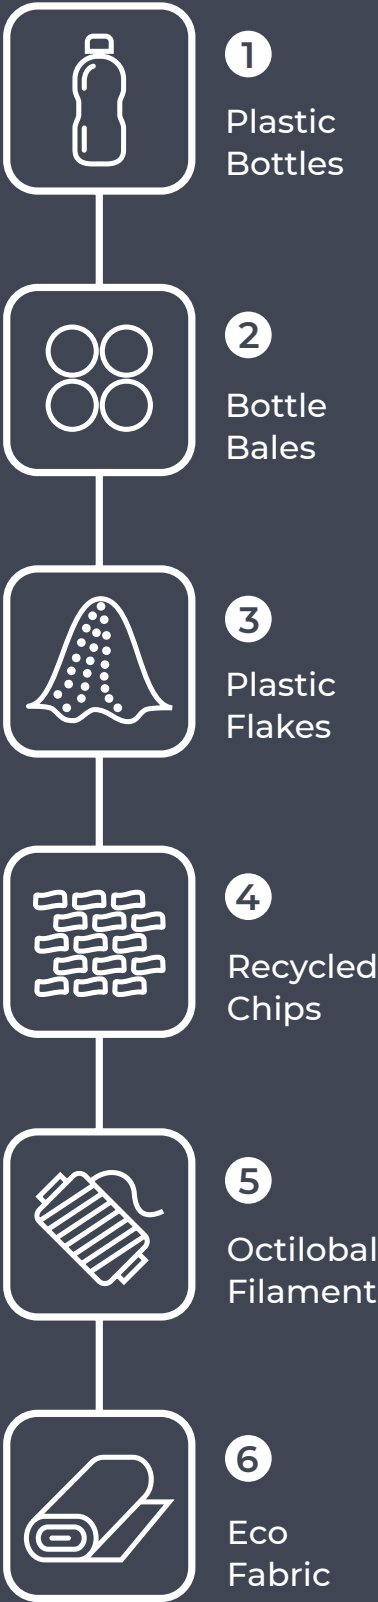

Our ReNew eco-fabric is made from 100% recycled post-consumer polyester yarns and is Gold standard GRS certified.

Each blazer saves on average 34 non-biodegradable PET plastic bottles from going to landfill and displaces crude oil in the production process of the polyester for our eco-garments. Our new for 2020 eco-polyester and sustainably sourced viscose boys trousers will also save over 1 million plastic bottles from going to landfill each year. From bottle to eco-garment, our 6 step process allows us all to put the planet first, without ever sacrificing on quality, durability or comfort.

## ReNew

## how eco-polyester is made

## reducing energy & waste

At Zeco we're always looking for ways to recycle and reduce waste. All our waste is separated so only the minimum is sent to landfill and we re-use and recycle as much as possible. Any garments that are deemed unfit for sale or other use are picked up by our local charity shop, Barnardo's, or sent to be used in developing countries.

We re-use any cardboard that is used in the transportation of garments to us, but those that cannot be re-used is baled and picked up by local East London company, Edwards Recycling, who are able to recycle 100% of what they receive from us.

Our transport systems are also considered as we try and reduce our carbon footprint. We consolidate deliveries both inbound and outbound where possible to utilise the full capacity of delivery vehicles thereby reducing emissions.

## ethical initiative

Quality, service and price are crucial, but never at the cost of the world around us. We believe in sustaining and ensuring our fair trade ethical policies worldwide. That's why every Zeco garment is made to follow our standards of conduct by obtaining fabric and labour from responsible sources only and taking ethical, economic and environmental issues into consideration.

The schoolwear industry is very sophisticated and highly labour intensive. At Zeco we seek to first and foremost ensure that human dignity, safety and respect are upheld within all our factories in the UK and overseas. By doing so we ensure that all local standards and laws of each country are obeyed, if we feel that the laws are not stringent enough we ensure that our own guidelines are carried out.

# terms & conditions

Zeco Ltd. offer to supply goods and services subject to the conditions of sale set out below. These terms and conditions of sale shall not be rendered invalid or inoperative and shall take precedence and surpass over any other conditions unless specifically agreed in writing by Zeco Ltd. We reserve the right to change these terms and conditions at any given time.

## Conditions Of Sale

Zeco Ltd. retains the property of all goods supplied until the purchase price has been paid in full. You acknowledge and agree that all copyright, trademarks and all other intellectual property rights in all materials and content made available from Zeco Ltd shall remain at all times vested in us. You are permitted to use material only as expressly authorised by Zeco Ltd. Returned cheques will be charged at £20.00 per representation. Samples cannot be returned for credit.

## Returns

Goods are not to be sold on a sale or return basis. All returns should be authorised by the sales team. We cannot accept returns or exchanges if the goods are not in a re-saleable condition, if they have been embroidered or the garments in question have been placed via a special order. Faulty goods will only be accepted if there is a genuine fault in the garment providing the garment has not been badly worn or incorrectly washed. In the event of the return of faulty goods, each case will be investigated objectively by our sales team and the approval sought in support of an issuing of an appropriate credit. Any faulty garments returned to Zeco Ltd must also be clearly marked. Any returned goods collected from customers using our courier service are subjected to a £15.00 charge per carton. All claims arising from shortages and non faulty goods will only be considered if notification is received within three working days of receipt. If the buyer does not notify Zeco Ltd accordingly, Zeco Ltd has no liability for any discrepancies arising.

## Embroidery

With the exception of faulty goods, Zeco Ltd will not accept any form of return for goods that have been embroidered by third party embroiders, where wrong colours or shade variations have been dispatched. Embroidery to be charged in addition to garment prices.

## Made To Order

All made to order goods are non refundable unless there is a genuine fault with the garment. All orders need to be confirmed before orders can be processed. Orders which specify certain colour or fabric on any garments are subject to the following disclaimer; The shade of fabric will never be 100% exact match from one batch to another. The process involved in weaving the fabric will not allow this to be possible, however all measures are made so that the tolerance levels are kept to a very small variation. We attempt to ensure all special orders are produced to the same quantity as desired but, with all special orders there is always a possibility of additional pieces.

## Prices

Prices can vary and are subject to change without prior notice. All prices are exclusive of Value Added Tax unless otherwise stated which shall be charged at the rate ruling at the time of dispatch of goods where applicable.

## Payment Terms

All cheques are made payable to Zeco Ltd. All invoices to customers with approved credit facilities are subject to 30 days from the date of invoice to finalise payments unless specifically agreed by Zeco Ltd. Failure to do so will fall immediately on the appointment of a receiver, liquidator or administrator or any other act of insolvency. Zeco Ltd reserve the right to charge an interest rate of 2% on all overdue accounts and will accumulate every month from the date payment becomes due. If the payment is not made by the due date, then Zeco Ltd reserves the right to suspend any further deliveries until the payment has been made in full. We accept all major debit cards.

## Delivery

All deliveries are subject to carriage charges unless specified by Zeco. For details of rates within mainland UK please refer to carriage rates on the Zeco Schoolwear website. Other locations will be quoted upon request. In respect of non delivery, damaged or mislaid parcels notification must be received within 24 hours of the date of the invoice. If the buyer does not notify Zeco Ltd, then Zeco Ltd has no liability for any discrepancies arising. Our intention is to dispatch every delivery within 24 hours of the invoice date. We make every effort to deliver all goods in the agreed time; however we are not liable and all deliveries are non-refundable if we fail to do so in part or in full due to circumstances beyond our control.
